

WHAT IS THE KEY FACTOR IN LOGISTICS?

THAT THE CHEMISTRY IS RIGHT.

As a wholly owned subsidiary of CURRENTA GmbH & Co. OHG, Chemion Logistik GmbH offers a portfolio of services that is tailored to the special needs of the chemical and related industries. With certified processes, state-of-the-art IT and 1,000 motivated employees, we cover all aspects of logistics, namely transport, cargo handling, warehousing and value added services.

Our special area of expertise? Handling sensitive and dangerous goods, but not just in the chemical industry.

LOGISTICS THAT MOVES MORE.

Good slogan? It's a clear service pledge! Even when dealing with large volumes, at Chemion you have a flexible choice of appropriate resources and capacities.

Our own fleet of vehicles and multimodally integrated premises with spacious storage facilities form the basis for our offer. We are one of the few logistics companies with our own rail transport. The result is a uniform supply chain from one source.

WE COME HIGHLY RECOMMENDED, BUT MAKE UP YOUR OWN MIND.

With our Chemion CD, you can conveniently view the full spectrum of our company's activities on the screen.

The CD can be used on all standard drives with a loading tray.

Not suitable for drives with automatic slot-in mechanism!

EQUIPMENT THAT MAKES YOU MORE FLEXIBLE.

You need a forklift, a tank container, a lorry or even a whole fleet, including management? Just ask us.

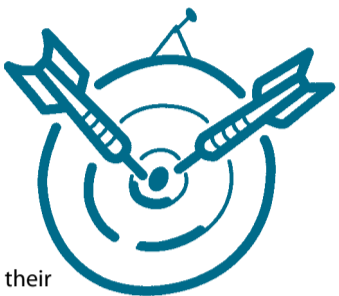

Our fleet of material handling equipment alone covers 2,000 devices – including 400 explosion-proof forklifts. We offer you need-based and economical solutions with individual services, transparent costs and flexible contract models ranging from 24 hours to 84 months.

OUR PREMISES, THE FOCAL POINT OF YOUR LOGISTICS.

Our premises in Leverkusen, Dormagen and Krefeld in the CHEMPARK are dynamic hubs for effective logistics.

The chemical industrial estates have outstanding transport connections with their own ports, multimodal cargo handling terminals and warehousing facilities for virtually all categories of hazardous goods. On this basis we can place individual services flexibly at your disposal, regardless of the location.

SERVICES THAT ALLOW YOU TO GET ON.

Warehousing, filling, repacking, finishing – as a full-service provider we already open up a wealth of value adding potential to you prior to reaching the final destination.

We manage staff and take on tasks and responsibility at your premises and create the necessary conditions for the smooth exchange of data and information. Through the central control of all processes even fine components can be perfectly integrated in the supply chain.

FAST AND DIRECT – WE ARE THERE FOR YOU!
